The Hotel Villa Padierna has been ranked among the “Top 100” best of the world and the highest rated in Spain, according to a recent ranking by Expedia user, the world’s leading online travel portal. Hotel Villa Padierna ranked at 28th position in the classification “Insider’s Select”.

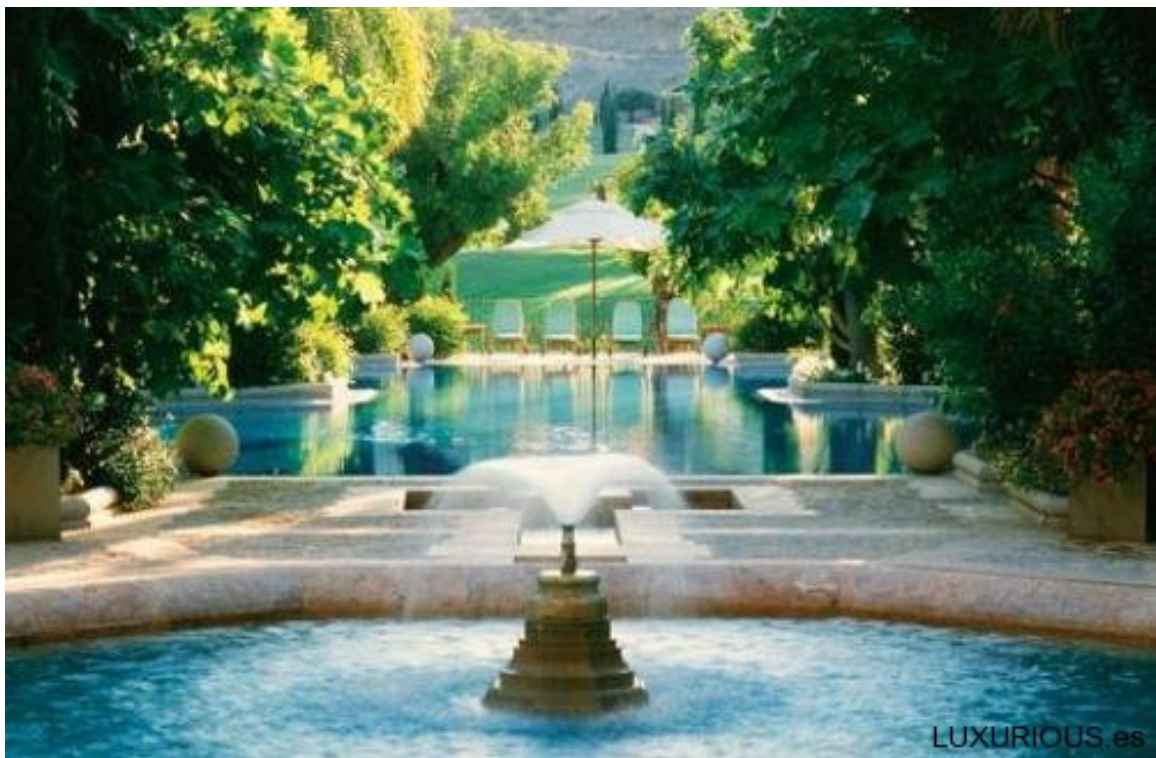

For the general manager of Hotel Villa Padierna, Rivero Delgado, “this recognition is a great privilege, since it has been developed based on customer feedback that have stayed at the hotel and they have known firsthand the luxury facilities of the establishment. ”

The Hotel Villa Padierna appears to be blessed with good ratings with Marbella’s Essential Magazine prizing the hotel’s Thermae Spa as the best Spa on the Costa del Sol just a few months ago.

The Thermae Spa of the Hotel Villa Padierna is a spectacular place for mind and body. With over 2,000 sqm these roman inspired walls are simply pure bliss.

Facilities include eight aroma and steam baths, including India Steam, the Steam of Bali, Hammam, the Vapor of Salt, a Greek Sauna, two Finnish saunas and Laconium, plus a fitness room.
